Season 1 was a hit, and Season 2 is on its way. Now it's time for you to take a shot at Season 3! If you are skilled with a pistol, rifle or any other firearm, you could be on TV's electrifying marksmanship competition show, TOP SHOT. Producers are looking for anyone with unrivaled shooting skills and a big personality to take on exciting physical challenges with multiple guns and mystery projectile weapons.

It doesn't matter if you're a professionally trained shooter or a self-taught average Joe (or Jane!). As long as you're in good physical shape, have mastered a firearm and can adapt to new weapons and demanding physical situations, you could be America's next "Top Shot."

This season, we're also considering MARKSMEN PAIRS: Husband/Wife, Father/Son, Co-Workers or Siblings. If you and a close friend or relative are excellent shots, we want to hear from you both!
